

HEAT PUMP REBATE *(OFFER EXPIRES 12/31/2022)*

This form, along with a copy of the applicable sales receipt and the Manual J (system sizing) Calculation, must be submitted to the co-op within 90 days of purchase. If your HVAC contractor does not want to perform a Manual J Calculation we suggest you find another contractor since Manual J is the HVAC industry's own performance standard. We only rebate mini-splits that are part of a whole house system and NOT an add on mini-split for a bonus room, sunroom, etc. Call 800-637-1079, ext. 1140 for a consultation prior to installation if you would like our professional opinion prior to initiating an HVAC purchase agreement.

Tideland EMC reserves the right to verify installation at the member's residence before issuing the electric bill rebate credit.

I certify that between January 1, 2022 and December 31, 2022 I purchased and installed in my primary residence a qualifying heat pump to replace a previous heating system. Along with this rebate application I am including 1) a copy of the installer's Manual J Calculation, 2) a copy of the paid sales and installation invoice, and 3) a copy of the equipment manufacturer's certification statement documenting system efficiency.

Member Signature: _____ Date: _____

Please allow 4 to 6 weeks for processing. The heat pump must be installed where electricity is supplied by Tideland EMC.

Submit completed application within 90 days of purchase to:

Tideland EMC, Attn: Heidi Smith, PO Box 159, Pantego, NC 27860

FOR COOPERATIVE USE ONLY

Date Received: _____ Date of Sales Receipt: _____ Criteria Met: Yes No
